

GORILLA GLUE

Premium Gorilla Glue is for indoor and Outdoor Use, Bonds Wood, Stone, Metal, Ceramics & More, 100% Waterproof, Gorilla Glue is the strongest and most versatile glue on the market today. We do everything technically possible to make our glue the finest, strongest and most pure adhesive in the world. It takes just a 1/2 ounce of Gorilla Glue to cover one square foot. That's 3 to 4 times the coverage of other glue. In addition to being 100% Waterproof, incredibly strong Gorilla Glue bonds wood, stone, metal, ceramics, Corian®, styrofoam and more. Remember that this glue will foam 3 to 4 times its applied size, so a little goes a long way.

55301042	18 Oz.	21.99
55301044	36 Oz.	31.99

QUICK-SET ADHESIVE

Quick-Set CA (Cyanoacrylate) adhesive has a clear, fast cure and strong bond for wood, metal, glass, rubber, ceramics and plastic.

Choose a viscosity that does not absorb completely into the surfaces to be bonded.

■ CA-Thin has fast setting and curing for relatively non-porous surfaces.

■ CA-Medium is a great general-purpose adhesive that penetrates porous wood to harden and seal surfaces.

■ CA-Thick has good filling characteristics for larger cracks and uneven surface bonding.

■ CA-Flexible has extremely good bond strength that retains a flexible condition when cured, making it ideal for pen making or wood to metal applications.

■ Activator in spray pump bottle significantly accelerates the cure of all the CA formulas. Aerosol Activator spray application is more atomized and reduces potential foaming problems.

■ Use Debonder for clean-up and skin cleaning.

■ Change-A-Tip Pack includes quick-change cap adapter, four precision tips and storage cap.

ITEM #	CA ADHESIVE	PRICE
45002360	Thin 2 oz.	10.99
45002361	Med. 2 oz.	10.99

SYSTEM THREE

System Three® Multi-Purpose Epoxy Resin This is the "workhorse" of the System Three resins stable, fitting well into over 90% of all epoxy applications. It is a solvent-free, unfilled, medium-modulus epoxy system. The resin is formulated for use with any of three hardeners. System Three® resin has excellent pot life and cure-time control. The system requires at least 1 quart of resin and 1 quart of hardener. Hardener #1 has a 10 minute working time Hardner #2-25 minutes and Hardner #3 -60 minutes. Also available in gallon quantities call for pricing 800-292-5937

T-88® Structural Adhesive T-88® is a high performance, non-brittle, two-part epoxy adhesive designed to give superior results under adverse conditions. The adhesive may be used without modification in normally fitted joints, and will cure in any thickness without shrinkage. T-88 is clear amber and becomes virtually invisible when varnished.

ITEM #	T88	PRICE
55201898	1/2 Pint	24.50
55201899	Pint	32.00

QuickCure® is a 2-component, solvent-free epoxy/polymercaptan adhesive. Mixed in a 1-to-1 by volume ratio, it will cure in five minutes, even at lower temperatures.

ITEM #	QUICK CURE	PRICE
55201896	1/2 Pint	21.25
55201897	Pint	32.25

DAP Weldwood® Original Contact Cement

Premium quality neoprene contact cement dries in 15 minutes. Meets all CPSC requirements. Requires only one coat on most surfaces.
